Members of the Board of Education and Residents of Summit School District

Transmittal of the 2021-22 Budget

We are pleased to present the annual budget of Summit School District for fiscal year 2021-22. This document reflects budget recommendations by staff, community members, and decisions by the Board of Education, to align resources with expenditures necessary to provide a quality, educational financing plan.

Overview

The budget document reflects the community's input and interest in receiving a concise and comprehensive budget, which clearly communicates the financial operations of the district. This document is divided into four sections for ease of reference by the reader: Introduction, Organizational, Financial and Informational.

The total 2021-22 appropriation for all funds is \$88,905,552. The governmental accounting groups included are:

General Fund Bond Fund Food Service Fund Building Fund

Grant Fund Capital Reserve Fund Health Benefits Fund Transportation Fund

Student Activity Fund

Supplemental Capital Construction, Technology and Maintenance Fund

The mill levy for 2021-22 is estimated at 19.050 mills. A summary of the mill levy is included in the revenue portion of the Financial Section of the budget. A residential property owner in Summit School District will pay taxes of approximately \$136.21 per \$100,000 of market value compared to \$137.16 per \$100,000 of market value in 2020-21. Final assessment values will not be reported to the district until November 2021 and the actual 2021-22 tax rate will not be certified by the Board of Education until December 2021. Therefore, taxes may vary from this estimate.

District Priorities

Preparing caring, courageous, community-minded people who create a better world continues to be the district's purpose. Our mission is to create a learning community in which each and every person belongs, grows and thrives. In order to accomplish this, we have created three focus areas which represent the core elements of the work we will focus on through August 2026. Academic and personal success for every student, equity seeking systems and family and community partnerships.

To succeed with this mission, we must make the necessary resources available to staff and students on a daily basis. We are committed to providing the best education possible to the children of Summit County.

Strong Financial Policies and Financial Condition

The Board of Education has put into practice strong financial policies and practices which has resulted in the Summit School District being in sound financial condition. These financial policies include:

- A balanced budget expenses are adjusted to annual revenues with the intentional use of reserves;
- Reserve balance (savings) for unforeseen events of at least 7%;
- Annual independent audit;
- Quarterly financial reports;
- Financial information posted on the website for fiscal transparency.

Coronavirus 2019 (COVID-19) and the Effect on Summit School District

The State of Colorado continues to struggle to fund PK-12 education and the economic impacts of COVID-19 have been unprecedented. Experts continue to monitor the impacts of the pandemic on both the health and economy of the state. An influx of one-time federal stimulus dollars and distribution of the vaccine have made the most recent economic forecasts much more promising than originally anticipated.

Due to the COVID-19 pandemic, the 2021 Legislative session started late and legislators have not yet finalized the Colorado School Finance Act. This budget was prepared with an expected increase in funding of \$1,066.50 per student (13.1%). This increase includes an inflationary increase to per pupil funding of 2% as well as a decrease to the Negative Factor of \$481.4 million. This brings the state-wide underfunding of PK-12 education to \$571 million, of which SSD's share is \$2.3 million.

Budget Process

The District began its budget process for 2021-22 in November 2020 with the release of the governor's budget proposal. Budget meetings with stakeholders including the Board of Education, DAC, SACs, and district staff have been held. This input was used to develop the budget recommendation.

As the budget process began, the Board and Administrative Team reaffirmed the following guiding principles to consider when identifying budget recommendations:

- ✓ Align resources with Summit School District Goals and districtwide targets and priorities.
- ✓ Allocate resources to support and maximize instructional time based on scholar achievement and need.
- ✓ Determine staffing based on positions needed, not individual people.
- ✓ Achieve a balanced budget.

2021-22 Budget Changes

Based upon the above process, the budget changes for 2021-22 include revenue and expense impacts and the use of fund balance.

1. **Major Revenue Changes** – Total change in revenue is an increase of \$4.3 million. This includes changes in Total Program Funding due to an increase in Per Pupil Funding (PPF) and no change in Funded Pupil Count (FPC), additional funding from state allocated Rural Schools Funds, increases in other General Fund revenue and increases in transfers to other funds.

| Revenue Changes | |
|-----------------------------|-----------------|
| Change in PPF | 3,711,953 |
| Change in Enrollment | - |
| Rural Revenue (FY21 & FY22) | 1,176,285 |
| Other Changes in Revenue | 270,965 |
| Changes in Transfers | (803,993) |
| Total Revenue Change | \$ 4,355,210 |

2. Major Expense Impacts—Total expenditures increased by 4.5% or about \$1.9 million. Significant changes in expenditures include a \$2.8 million increase in salary and benefits and a net decrease of \$846,000 in one-time spending of the Rural School Funds and curriculum purchases. The average increase in salary for all employees was 8.1%.

| Expenditure Changes | |
|--|--------------|
| Less One-time Curriculum Spending | (800,000) |
| Less One-time Rural Funds | (299,035) |
| Less Attrition (Salary & Benefits) | (100,000) |
| Market Survey | 186,363 |
| Salary Increases for employees | 2,872,504 |
| Restore reduction of District PD funds | 58,000 |
| Restore reduction of School Board PD funds | 5,000 |
| Total Expenditure Changes | \$ 1,922,832 |

3. Impact to Reserves—Total impact to reserves will be a decrease of \$2 million. This includes support for on-going salary increases as approved by the Board and the use of one-time rural dollars that the District will receive in 2022 and 2023.

These budget recommendations were provided to the Board of Education by the Administrative Team, the SSD Finance Committee and the DAC of the District. The team believes that these changes meet our guiding principles however, recommends that the Board of Education continue to monitor the spend down of reserves and plan for long-term sustainability of District finances.

Summary

We are proud of our terrific staff and our caring learners and the resilience they have shown through the COVID-19 pandemic. Summit students and staff are something special, and even as we recognize their tremendous achievements, we know there is more work to be done. Summit County community members can remain confident in the District's determination to maintain quality education programs and sound financial condition. The District continually strives to keep resources strategically focused on improving student learning, while accepting the responsibility of public funds' stewardship.

SUMMIT SCHOOL DISTRICT Summit County, Colorado

PROFILE OF THE SCHOOL DISTRICT

The District is a body corporate and a political subdivision of the State of Colorado. In 1958, Summit School District was formed by a statewide reorganization of school districts. This reorganization combined six (6) small school districts in Summit County into one large district.

Summit School District covers approximately 516 square miles of mountainous terrain in the central Colorado Rockies. The towns and communities of the school district include: Breckenridge, Copper Mountain, Dillon, Frisco, Keystone, Montezuma, Silverthorne and Summit Cove. Summit School District is nestled between the ski areas of Arapahoe Basin, Breckenridge, Copper Mountain and Keystone. It is located 75 miles west of Denver and 25 miles east of Vail. The school district serves the year round Summit County population of 29,399 people with six (6) elementary schools, one (1) middle school and one (1) high school and (1) alternative junior and high school.

Summit School District operates under a locally elected, seven member board providing educational services as mandated by state and/or federal agencies. The legislative power of the School District is vested in the Board of Education, whose members are elected at successive biennial elections by the electors for staggered four-year terms. Members of the Board receive no compensation for their services to the District. The Board of Education governs the district's nine schools, staffed by 324 licensed employees, 165 classified employees, and 27.5 administrative/exempt employees. Educational services are provided to approximately 3,600 students.

Summit County first received worldwide attention in 1859 when prospectors discovered gold and silver in the surrounding hills. Not until 1946 did snow become business in Summit County, when Arapahoe Basin Ski area opened its slopes. With the opening of Breckenridge Ski area in 1961, Keystone in 1970, and Copper Mountain in 1972, "The Summit" became one of the greatest destination ski areas in the nation and was coined "Colorado's Playground".

In the context of ownership roughly 80% of the land in the County is public lands managed by the U.S. Forest Service and Bureau of Land Management. The remaining 20% is privately owned. The majority of the private lands are found in narrow bands along the valley bottoms and adjacent to the major road corridors.

The County's year-round population was 31,011 residents in 2019. Since 2000, Summit County's year-round population has grown 24%. With the reputation as a national and international center for winter sports and outdoor recreation, peak seasonal population on the weekends may swell to nearly 160,000 people. Monthly average population fluctuation indexes indicate that March has the highest seasonal population, May has the lowest. The County's permanent population is young, with persons over 65 accounting for 14.3% of the population compared to the State of Colorado at 14.6%.

DISTRICT VISION, MISSION AND GOALS

Vision

In Summit School District, we prepare caring, courageous, community-minded people who create a better world.

Throughout the 2020-21 school year, school board members and district leaders worked with parents, students, staff and community members to guide the development of a new strategic plan. The community conversations focused energy and ideas on common goals and priorities. From this work, Summit School District developed the 2021 Strategic Plan and Graduate Profile, which will guide the actions and priorities of the district moving into the future.

Mission Statement

Summit School District creates a learning community in which each and every person belongs, grows and thrives. In order to support our core values of equity, collaboration, curiosity and innovation, Summit School District has three main focus areas:

FOCUS AREA ONE:

ACADEMIC AND PERSONAL SUCCESS FOR EVERY STUDENT

Summit School District is committed to a broad definition of student success outlined in the Summit School District Graduate Profile and a diverse set of pathways to learning and graduation.

FOCUS AREA TWO:

EQUITY SEEKING SYSTEM

Summit School District builds equitable learning experiences and environments that honor and build upon each and every student's cultural and personal identity.

FOCUS AREA THREE:

FAMILY AND COMMUNITY PARTNERSHIP

Summit School District partners with their community and families to enhance learning and support student success.

Summit County, Colorado

DISTRICT VISION, MISSION AND GOALS

By successfully implementing the initiatives under the strategic priorities, Summit School District students will be able to demonstrate the graduate profile skills and competencies.

DISTRICT ACCOUNTABILITY COMMITTEE

As required by law, the Board of Education appoints a District Accountability Committee (DAC), which advised the Board of Education and is receptive to all persons or groups concerned about educational accountability, accreditation and educational achievement in Summit School District.

The DAC's purposes include:

- 1. Reviewing the District Unified Improvement Plan as well as each School Unified Improvement Plan.
 - The review shall determine whether each school's plan is complete and includes District regulatory and statutory mandates.
 - The review shall determine trends which may serve as a basis for District goals.
- 2. Promoting the identification and/or revision of District goals and priorities.
- 3. Assisting the board in the development of the annual report to the community.
- 4. Serving in an advisory capacity in the development, implementation, and evaluation of the District's plan for state accreditation.
- 5. Reviewing all charter school applications and making recommendations to the Board.
- 6. Recommending to the Board priorities for spending school district monies.
- 7. Assisting school personnel to increase parents' engagement with educators, including parents' engagement in creating students' READ plans, Individual Career and Academic Plans, and plans to address habitual truancy.

The DAC membership will strive to have membership consistent with representation of the District. The membership includes at least one representative from each school, whether an employee or a parent. Additionally, membership will strive to include people representing different populations, ethnicities and genders. Membership is for two years, starting September 1 and ending August 31.

Summit County, Colorado

ACCREDITATION CONTRACT

The State of Colorado requires all schools to be accredited. The Colorado Department of Education has determined that the Summit School District is meeting the intent of the requirements as set forth in Colorado State Board of Education Rules and will continue to be accredited.

Overview

No later than October 15th of each school year, districts must submit to the Department the accreditation category that the district has assigned to each school and the performance framework used by the district for that accreditation assignment, including evidence of the school's level of attainment on the State's four key performance indicators: Academic Achievement, Academic Growth, Academic Growth Gaps and Postsecondary and Workforce Readiness. Districts may use the state's SPF ratings to accredit their schools, or they may use their own local accreditation process, provided that their accreditation ratings correlate to the state's plan type assignment.

All districts must submit a plan that addresses how the district will improve its performance. All districts and schools, regardless of their accreditation category, must use the Department's District Unified Improvement Plan template.

Accreditation contracts have a term of one year and are automatically renewed each July so long as the district remains in the accreditation category of "Accredited with Distinction," "Accredited," or "Accredited with Improvement Plan." A district that is "Accredited with Priority Improvement Plan" or "Accredited with Turnaround Plan" will have its contract reviewed and agreed upon annually. Each contract, at a minimum, must address the following elements:

- The district's level of attainment on the four key Performance Indicators— Student Achievement on Statewide Assessments, Student Longitudinal Academic Growth, Postsecondary and Workforce Readiness, and Progress Made on Closing the Achievement and Growth Gaps;
- The district's adoption and implementation of its Performance, Improvement, Priority Improvement or Turnaround plan (whichever appropriate based on the district's accreditation category);
- The district's implementation of its system for accrediting its schools, which must emphasize school attainment on the four key Performance Indicators and may, in the local school board's discretion, include additional accreditation indicators and measures adopted by the district; and
- The district's substantial, good-faith compliance with the provisions of Title 22 and other statutory
 and regulatory requirements applicable to districts and all Department policies and procedures
 applicable to the district, including the following:
 - The provisions of article 44 of title 22 concerning budget and financial policies and procedures;
 - o The provisions of article 45 of title 22 concerning accounting and financial reporting; and
 - o The statewide assessment administration and security policies adopted by the Department pursuant to section 22-7-409(4), C.R.S.

Summit County, Colorado

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The District was formed under the laws of the State of Colorado and operates under an elected Board of Education. As required by Generally Accepted Accounting Principles (GAAP), the financial statements of the reporting entity include those of the District. No additional separate governmental units, agencies, or nonprofit corporations are included in the financial statements of the District since none are financially accountable to the District. Financial accountability includes but is not limited to, appointment of a voting majority of the organizations' governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District does not exercise oversight responsibility over any other entity, nor is the District a component unit of any other governmental entity.

Fund Accounting

The District uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

Governmental Funds

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Fund - The Debt Service Fund (Bond Redemption) is used to account for the accumulation of resources for, and the payment of, general long-term obligation principal, interest, and related costs.

Capital Projects Fund - The Capital Projects Fund is used to account for the construction or acquisition of capital facilities. Receipts for these purposes arise from the sale of bonds, grants from other governmental units, property taxes, transfers from other funds or gifts from individuals or organizations.

Summit County, Colorado

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Proprietary Funds

Enterprise Funds - Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. It is the intent of the District that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges or where the governing body has decided that periodic determination of revenue earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

Governmental funds are used to account for the government's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt that is recognized when due, and certain compensated absences and claims and judgments that are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Those revenues susceptible to accrual are property taxes, grant expenditure reimbursements, and charges for services.

Proprietary fund types utilize the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Summit County, Colorado

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Budgets

Budgets are required by state law for all funds. Budgets are adopted on a basis consistent with generally accepted accounting principles, except for the Food Service Fund. The budget for the Food Service Fund is adopted on a basis consistent with GAAP, except that fixed asset acquisitions are treated as expenditures, depreciation is not budgeted, contributed capital is treated as revenue, and the values of commodities received and used are not included. Budgets are adopted in accordance with School District Budget Law, with annual appropriated budgets for each fund of the district. All appropriations lapse at fiscal year end.

The modified accrual basis of accounting is the basis of accounting for all funds, except for the Food Service Fund. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available; expenditures are recorded when the related fund liability is incurred. The accrual basis of accounting is utilized by the Food Service Fund, wherein revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Depreciation is computed and recorded as an operating expense and expenditures for fixed assets are shown as increases to assets.

Expenditures may not legally exceed appropriations at the fund level. Authorization to transfer budgeted amounts between departments within any fund and the reallocation of budget line items within any department within any fund rests with the Superintendent of Schools. Revisions that alter the total appropriation of any fund must be approved by the Board of Education. Appropriations are based on total funds expected to be available in each budget year, including beginning fund balances and reserves as established by the Board of Education. Variances between budget and actual result from the non-expenditure of reserves, non-occurrence of anticipated events, scheduling of capital projects and normal operating variances. All appropriations lapse at fiscal year end.

Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods and services. Encumbrance accounting - under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation - is utilized in all funds. Encumbrances outstanding at year-end are considered immaterial and thus are not reported as reservations of fund balances.

Cash and Investments

In order to facilitate the recording of cash transactions and maximize earnings on investments, the District has combined the cash and investments of all funds and maintains accountability for each fund's equity in the pooled cash and investments.

All funds of the District are eligible for investments and may be combined in an investment instrument to maximize earnings. Investment earnings using combined funds are recorded in the General Fund per Board Policy, except for earnings on investments of the Building Fund and/or held under certain trust agreements. Investments are stated at cost or amortized cost.

BUDGET DEVELOPMENT PROCESS

Budget Overview

The annual operating budget represents the District's plan to ensure financial resources are spent in as efficient and effective manner as possible to meet the District's goals. It has been developed to allocate the District's resources to programs and services that add value to the educational excellence the district provides its students.

The purpose of this budget document is to serve as a policy document, financial plan, operational guide and communication device.

Budget Process

The Summit School District budget process is on-going. It is developed to strategically focus the district's resources into programs and services that meet the changing needs of students.

Based upon input from the Board of Education, the Administrative Team, the District Accountability Committee, each school's School Accountability Committee (SAC), negotiated salary agreements and other relevant information, the Business Services department develops budget guidelines for allocation of funds. The budget guidelines and all information necessary to develop a budget are sent to each budget manager to determine the placement of allocated funds which best meets the needs of their students or departments.

During May, the Superintendent of Schools submits to the Board of Education a proposed budget for all funds for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them. Public comment is encouraged by the Board of Education to obtain taxpayer comments. Prior to June 30, the budget is adopted by formal resolution.

The budget process does not end with the final approval of the new fiscal year's budget. As costs are incurred during the current year, they are recorded against the program and line item budget amount so that an accurate picture of the comparison between expenditures and budget allocation always exists. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education.

BUDGET DOCUMENT

This budget document was designed to provide the general public with extensive and readable information about the school system. It is intended, also, as a working reference document for administrators and other school personnel.

The Table of Contents lists every topic covered in this document and its page number. As an additional aid, the document is divided into the following four sections:

- **Introductory Section** Provides general information about the school system, including composition of the School Board and organizational chart.
- Organizational Section The District's budget is condensed in budget summary form for those readers
 who may not be interested in more detailed information. In addition, the budget development process is a
 presentation of revenue sources and comparative budgetary data.
- **Financial Section** In the financial section, each area is described by its current activities and its budget amount. As a result, budget information is organized by each area, identifying the services each level or department provides. It includes all governmental funds, a summary of revenue and expenditures for the general fund and all other funds of the District.
- Informational Section This last section includes a multitude of miscellaneous types of information typically sought by interested parties over past years including performance measures, enrollment trends, staffing and employee trends, revenue and expenditure trends and the glossary.

BUDGET FACTS AND ASSUMPTIONS

The 2021-22 budget was developed knowing certain facts and making certain assumptions based on information available at the time of preparation. These facts and assumptions are as follows:

Facts

- 1. This budget's revenue projections were prepared using information provided by the Colorado Department of Education, the County Assessor, the federal government, and other sources using methods recommended in the Colorado Department of Education's Financial Policies and Procedures Handbook. This budget's expenditure estimates were prepared based on program needs, enrollment projections, mandated requirements, employee negotiations, contracted services and anticipated changes in economic conditions.
- 2. Beginning fund balances plus revenues equal expenditures and ending reserves in all funds.
- 3. The Board of Education has completed negotiations with the teaching staff. The agreement will provide a two-year plan for reaching the District's goal of a \$50,000 base for teachers. For the 2021-22 school year, teachers will receive step advancement. Lane advancement will be increased to \$2,000 per lane and will be awarded as earned. The base salary will be increased to \$48,500 from \$44,530 and the number of teacher work days will be increased by one day to 185 days per year. Overall, these changes result in an average annual increase of 8.1% for a full-time teacher.
 - For the 2022-23 school year, teachers will receive step advancement and lane advancement will be awarded as earned. Steps to Years 01 and 02 on the salary schedule will be increased from \$375 to \$750. The base salary will be increased to \$50,000; reaching the District's goal of a \$50,000 base teacher salary. Overall, these changes will result in an average annual increase of 4.8% for a full-time teacher.
- 4. The Board of Education is also committed to offering competitive compensation for support staff. A market survey was completed in the Spring of 2021; all positions more than 5% below market will receive an adjustment to bring those salaries to market. In addition, all support staff salaries will increase by a 1.7% experience increase and an annual increase of 6.4% for 2021-2022. Salary schedules will be increased by market adjustments plus 6.4% at the minimum and the maximum will be calculated as 155% of the minimum.
- 5. The Board of Education is also committed to offering competitive compensation for administrative/exempt staff. A market survey was completed in the Spring of 2021; all positions more than 5% below market will receive an adjustment to bring those salaries to market. In addition, all administrative/exempt staff salaries will increase by a 1.7% experience increase and an annual increase of 6.4% for 2021-2022. Salary schedules will be increased by market adjustments plus 6.4% at the minimum and the maximum will be calculated as 140% of the minimum.

BUDGET FACTS AND ASSUMPTIONS

6. Health and dental costs for all eligible employees have been projected to increase by \$804,000 for 2021-22. Employee's premiums will increase 10% for all tiers, \$5 to \$90 per month, depending on the number of family members covered on the plan. In order to keep employee increases to a minimum, the District will transfer \$645,000 in Rural Schools funding to the Health Benefits Fund. This is a 25% increase in the District contribution to Health Benefits.

The District will remain self-insured and will continue with the bundled plan fully administered by Cigna. Two additional buy-up plans will be added; current plans will have no benefit changes for the upcoming year. We will continue the additional dental option for those staff members that would like to elect orthodontia coverage with the rate for this enhanced plan being slightly higher than the current traditional plan. All wellness and preventative care items, including testing and vaccines related to COVID-19 will continue to be covered under both plans at 100%. All plan features including telemedicine, wellness and patient advocacy will continue and will be administered by Cigna. Voluntary Life and AD&D will remain in place.

7. The Public Employees Retirement Association (PERA) rates automatically adjust each year based on provisions established in Senate Bill 18-200. Effective July 1, 2021, member contribution rates will increase by 0.5% to 10.5% and employer contribution rates will remain at 20.9%.

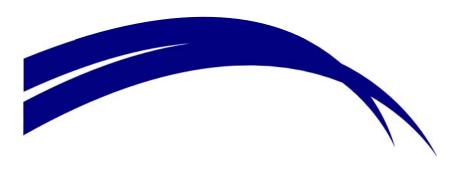

Assumptions

- 1. Due to the COVID-19 pandemic, the 2021 Legislative session started late and legislators have not yet finalized the amount of funding for K-12 education for 2021-22. This budget has been prepared with an estimated per pupil funding increase of 13.1% from \$8,140.86 in the 2020-21 budget to \$9,207.36 in the 2021-22 budget based on the proposed Colorado Public School Finance Act. This is an increase of 2% in the base per pupil funding and a decrease of \$481.4 million to the budget stabilization factor.
- 2. The ratio for assessment of residential property will remain the same at 7.15%. The ratio for assessment of commercial property will remain the same at 29%.
- 3. The District will levy an estimated total of 19.050 mills based upon an estimated assessed valuation of \$2,362,002,353. The 2020-21 mill levy was 19.183. This decrease is due to an estimated increase in Assessed Valuation of 5%. A property owner in Summit School District will pay an estimated \$136.21 per \$100,000 of market value in 2022 compared to \$137.16 per \$100,000 of market value in 2021.
- 4. The estimated non-collectable or recoverable property tax is 0.15%.

RESOLUTION #2020-21-19

AUTHORIZING THE USE OF A PORTION OF BEGINNING FUND BALANCE AS AUTHORIZED BY COLORADO STATUTES

WHEREAS, C.R.S. 22-44-105 states that a budget, duly adopted pursuant to this article, shall not provide for expenditures, interfund transfers, or reserves, in excess of available revenues and beginning fund balance.

WHEREAS, the Board of Education may authorize the use of a portion of the beginning fund balance in the budget, stating the amount to be used, the purpose for which the expenditure is needed, and the district's plan to ensure that the use of the beginning fund balance will not lead to an ongoing deficit.

WHEREAS, the Board of Education has determined the beginning fund balances in the Supplemental Capital Construction and Technology Fund, General Fund, Food Service Fund, Bond Fund, the Building Fund, Capital Reserve Fund, Health Benefits Fund and Student Activity Fund are sufficient to allow for the expenditures and the action will not lead to an ongoing deficit.

NOW, THEREFORE, BE IT RESOLVED:

In accordance with C.R.S. 22-44-105, the Board of Education authorizes the use of a portion of the 2021-22 Beginning Fund Balance for the following funds: Supplemental Capital Construction and Technology Fund in the amount of \$1,272,362; General Fund in the amount of \$9,243,109; Food service in the amount of \$45,074; Bond Fund in the amount of \$8,527,645; Building Fund in the amount of \$626,543; Capital Reserve Fund in the amount of \$74,770; Health Benefits Fund in the amount of \$698,587; Student Activity Fund in the amount of \$842,145;

BE IT FURTHER RESOLVED, the use of this portion of the beginning fund balance for the purpose/s set forth above will not lead to an ongoing deficit.

ADOPTED AND APPROVED this June 17, 2021.

Summit County, Colorado

BUDGET SUMMARY

General Fund

Fund Structure

Description: The General Fund is used to account for resources traditionally associated with the general operations of the school district. These activities are not required legally or by sound financial management to be accounted for in another fund.

Major Services: The General Fund consists of the following major functions:

- Elementary Education
- Middle School Education
- High School Education
- Special Education
- English Language Acquisition
- Preschool
- Central Office
- Maintenance of Building and Grounds
- District Insurance

Revenue Structure

The 2021-22 budget's revenue projections were prepared using information provided by the Colorado Department of Education, the County Assessor, the federal government, and other sources using methods recommended in the Colorado Department of Education's Financial Policies and Procedures Handbook.

Major revenue sources are local property taxes (76.1%) specific ownership taxes (5.2%) and state equalization (18.5%). Together they comprise the majority of the total General Fund revenues. In 2021-22 these three sources are estimated to account for \$42.5 million in General Fund revenues.

- Local Property Taxes: Local property taxes are estimated at \$32.4 million in 2021-22. These taxes are derived from a mill levy applied to all commercial and residential property within the district. The estimated mill levy for 2021-22 General Fund is 13.724 mills based upon an assessed valuation of \$2,362,002,353. This is a decrease from the 2020-21 levy of 13.969 mills.
- Specific Ownership Taxes: Specific ownership taxes represent \$2.2 million for 2021-22 or 5.2% of the General Fund revenue. These taxes are vehicle license taxes collected by the county and forwarded to all taxing entities within the county as a percent of the mills levied.
- State Revenue: The State revenue consists of state equalization, categorical funding for special education, gifted education and English language acquisition and funding allocated to rural school districts from sales tax on tobacco products. The funding for 2021-22 is estimated to be \$7.9 million or 18.5% of the General Fund revenue. The state is still projecting a Budget Stabilization Factor of \$571 million for the 2021-22 year. The District's share of this negative factor is \$2.3 million. The year over year impact of the negative factor for SSD, from 2009 through 2022 is over \$37.1 million.

Summit County, Colorado

BUDGET SUMMARY

• All Other Income: Other General Fund revenue sources include:

County revenue of \$475,000 or 1.1%, Tuition and fees of \$646,615 or 1.5%, Interest income of \$80,000 or 0.2%, Other miscellaneous revenue of \$466,700 or 1.1%.

• Transfers: The final revenue category in the General Fund is transfers that account for \$-1,523,014 or -3.6% of the total General Fund net revenues. The transfers are being budgeted to the following funds:

Transportation Fund in the amount of \$581,414, Food Service Fund in the amount of \$296,600, Health Benefit Fund in the amount of \$645,000.

Expenditure Structure

This budget's expenditure estimates were prepared based on program needs, enrollment projections, mandated requirements, employee negotiations, contracted services and anticipated changes in economic conditions.

Total estimated expenditures for 2021-22 in the General Fund are \$44,682,377. The appropriations are distributed as follows: Salary (69.1%), Benefits (20.5%), Purchased Services (5.2%) and Supplies and Materials (5.2%). The General Fund accounts for the majority of the day-to-day operations of the school district with the exception of the Food Service, Grant and Transportation Funds.

• Salary and Benefits: Since most personnel and major functions of the school district are located within the General Fund, it is not surprising that salary and benefits represent a significant proportion of total expenditures, or about 89.6% of the total budget. For 2021-22, salaries account for \$30.8 million and benefits account for \$9.2 million of the total \$44.7 million in General Fund expenditures. Salary and benefits will continue to represent a major portion of fund expenditures as school districts are labor intensive.

Salaries increased 7.9% over the prior year, this is the net change of the negotiated agreement, which will provide experience increases of 1.7% and an annual increase of 6.4% and the elimination of one-time positions funded from the Rural Schools funds.

Benefits are projected to increase 5.9% for 2021-22. This is the net change of the additional cost of PERA and Medicare on salary increases for staff and the elimination of one-time positions funded from the Rural Schools funds.

- Purchased Services. Purchased services accounts for \$2.3 million or 5.2% of the total General Fund expenditures. The 2021-22 budget decreases 0.1% over the prior year.
- Supplies and Materials. Supplies and Materials represent \$2.3 million or 5.2% of the total General Fund expenditures. This is a decrease of 26.7% over the prior year primarily due to large curriculum purchases that were funded from reserves.

Summit County, Colorado

BUDGET SUMMARY

Operating Revenues and Expenditures

General Fund revenue is expected to increase by 12.4% for the 2021-22 school year. This is a result of a projected increase in funding from the State of Colorado for PreK-12 school districts through the Colorado School Finance Act and additional funds allocated to Rural Schools from taxes on nicotine products.

General Fund expenditures are projected to increase by 4.5% for 2021-22. This is the net result of salary and benefits increases for staff and the elimination of one-time spending from the 2020-21 budget.

For 2021-22, the District will spend approximately \$2 million in reserves. The projected fund balance at the end of 2021-22 is \$7.2 million of which \$1 million is restricted in use. The remaining unrestricted fund balance of \$6.2 million represents 13.8% of General Fund expenditures. The Board of Education has established a goal of a minimum of 7.0%. The additional funds will be held in reserves for future budget uses.

Bond Redemption Fund

The Bond Redemption Fund provides revenues based on a property tax mill set by the school board to satisfy the District's bonded indebtedness on an annual basis. The district has a tax levy for indebtedness; therefore, this fund is required by Colorado Revised Statute 22-45-103(b).

The Bond Redemption Fund is budgeted at a level of \$17.8 million in funds available with \$8.5 million of this amount carried forward as a beginning balance for 2021-22 to meet the December 2021 debt service payment. The only source of revenue for this fund is local property taxes. For 2021-22 local property taxes are projected to be \$9.3 million, which will be carried forward to make the December 2022 payment. The projected mill levy for 2021 is 3.953 mills based on an estimated assessed valuation of \$2.362 billion.

Expenditures for 2021-22 are \$9.2 million for the repayment of principal and interest on outstanding current bonds. The outstanding general obligation debt (principal and interest) at June 30, 2022 will be \$91.1 million, with final maturity scheduled for December 1, 2036.

The anticipated reserve at the end of 2021-22 is \$8.6 million, which will be used to pay the December 2022 debt service payment.

Building Fund

The Building Fund is used to account for the acquisition of land, construction of new facilities, alterations and improvements to existing structures, and the acquisition of equipment from Bond Proceeds. The Building Fund is budgeted with funds available and appropriations of \$0.6 million. Expenditures in this fund are for building projects approved by voters in the November 2016 election. Total expenditures for 2021-22 are projected to be \$0.6 million, with no remaining reserve at the end of 2021-22.

Summit County, Colorado

BUDGET SUMMARY

Capital Reserve Fund

The Capital Reserve Fund is used to account for the acquisition of land, construction of new facilities, alterations and improvements to existing structures, and the acquisition of school buses and/or other equipment. It is required by Colorado Revised Statute 22-45-103(c). The Capital Reserve Fund is budgeted with funds available and appropriations of \$76,770. There are no expenditures expected for 2021-22. The remaining fund balance is restricted for Turf Field Replacement, which will happen at a future time.

Food Service Fund

The Food Service Fund is used to account for all activity of the food service program. The food service program provides breakfast and lunch at all nine district schools. The District food service program is operated through a contract with Chartwells. This fund is an enterprise fund and is mandatory under C.C.R. 301-11-3.11. The Food Services Fund is budgeted at a level of \$1.9 million for 2021-22. This fund is projected to need \$296,600 from the General Fund as a subsidy to meet all expenses.

Grant Fund

The Grant Fund is provided to maintain a separate accounting for federal and state grant programs which are restricted to the type of expenditures for which they may be used, and which may have a different fiscal period than that of the District. The fund is budgeted at \$3.3 million to provide available funding authorization to accept new grants as the District continues to seek alternative funding sources. The largest grants are currently ESSER II and III, IDEA Special Education, and Title I.

Health Benefits Fund

The Health Benefits Fund accounts for self-insurance funding of employee health and dental insurance. This plan is administered by a third-party administrator and has a "stop loss" of \$120,000. The plan currently insures roughly 376 employees of which 227 have selected single coverage, 38 have elected employee plus one other and 111 have enrolled in family coverage. Additionally, of the 376 employees, 240 have elected the Healthy Measures PPO plan and 136 have elected the HSA plan. This fund is projected to collect \$4.6 million in revenue and will receive a transfer of \$645,000 from the General Fund for 2021-22. Total expenditures are \$5.2 million in claims and fees.

Student Activity Fund

The Student Activity Fund is used to account for assets held for students participating in organized clubs. The Student Activity Fund is budgeted for \$1.7 million in funds available and appropriations. It is completely self-funded.

SUMMIT SCHOOL DISTRICT Summit County, Colorado

BUDGET SUMMARY

Supplemental Capital Construction, Technology and Maintenance Fund

The Supplemental Capital Construction, Technology and Maintenance Fund is required by Colorado Revised Statute 22-45-103(j) to account for a November 2016 voter approved tax levy for the purpose of funding capital construction, technology and maintenance. This fund is budgeted with funds available and appropriations of \$3.6 million. Expenditures for 2021-22 are projected to be \$2.3 million for replacement of vehicles, capital projects and the continued maintenance costs associated with the district One2World initiative. The projected mill levy for 2021-22 is 1.0 mills based on an estimated assessed valuation of \$2.362 billion.

Transportation Fund

The Transportation Fund is used to account for the costs of the Transportation Department. The voters of Summit School District approved a tax levy to pay for excess transportation costs in November 1999 and November 2007 for a total of \$880,000; therefore, this fund is required by Colorado Revised Statute 22-45-103(f). The Transportation Fund is budgeted with \$1.92 million in funds available and appropriations. Revenues for the fund are local property taxes, trip fees and a transfer from the General Fund as necessary to cover expenditures not otherwise funded. The projected mill levy for 2021-22 is 0.373 mills based on an estimated assessed valuation of \$2.362 billion.

Summit County, Colorado

MILL LEVY

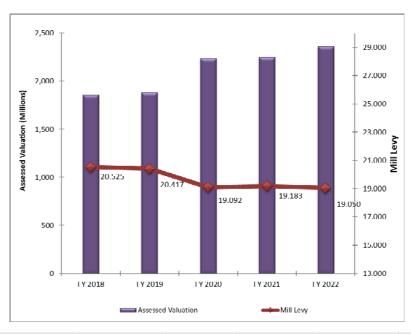

Mill Levy

The General Fund mill levy for 2021-22 is estimated to be 13.724 mills, a slight decrease from the 2020-21 levy of 13.969 mills. The estimated 2021-22 mill levy for the Bond Redemption Fund is 3.953 mills, the Transportation Fund is 0.373 mills and the Supplemental Capital Construction, Technology and Maintenance Fund is 1.0 mills.

A property owner in Summit School District will pay an estimated \$136.21 per \$100,000 of market value in 2021-22 compared to \$137.16 per \$100,000 of market value in 2020-21. Final assessment values will not be reported to the District until November 2021; the actual 2021-22 mill levy for the District will not be certified by the Board of Education until December 2021. Therefore, an accurate calculation of the tax cost to the homeowner will be determined on December 15, 2021.

Assessed Valuation

The District currently estimates that the assessed valuation or "tax base" for 2021-22 will be \$2,362,002,353. This estimated assessed valuation is based on projections received from the Colorado State Legislative Council. This amount represents an increase of 5.00% or \$112,476,303 from the 2020-21 assessed value of \$2,249,526,050.

GENERAL FUND FIVE YEAR SUMMARY OF REVENUE AND EXPENDITURES

Summary of assumptions in future years: General Fund Total Program Revenue is projected to increase by 5% annually in 2022-23, 2023-24 and 2024-25. Rural schools funds will be received from the State in the 2022-23 school year and then will be reallocated to Universal Preschool, so will no longer be received to support K-12 education. Salary and benefit increases in the 2022-23 school year are based on the negotiated agreement from 2021 and the increased cost to the District contribution to employee benefits. No changes to salary and benefits are projected for 2023-24 and 2024-25.

GENERAL FUND SUMMARY OF REVENUE & EXPENDITURES

General Fund Revenues:

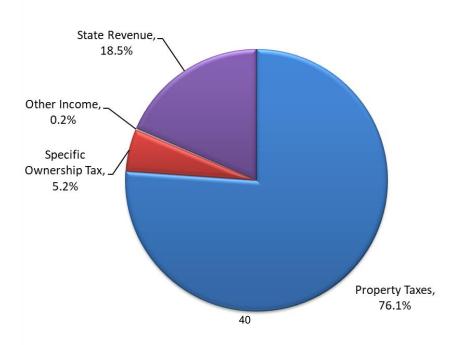

The District receives its revenue primarily from local sources in the General Fund. Total estimated revenue for the 2021-22 budget is \$42,676,843. The majority of this revenue becomes available to the District through the Colorado Public School Finance Act.

The Colorado Public School Finance Act is based on the pupil count taken on October 1, or the date designated by the Colorado Department of Education, of the budget year. Thus, this estimated revenue to the General Fund is based on the projected funded pupil count of 3,480.5, which includes all kindergarten students being funded at full time. The estimated per pupil funding is \$9,207.36 per pupil that results in the District General Fund receiving \$32,046,216 in property taxes, specific ownership taxes and state equalization. This is an increase of \$3.7 million in funding from the 2020-21 budget.

The District will also see an additional \$1,176,285 in revenue which was allocated to rural school districts from the passage of Proposition EE in November 2020. The District deferred unspent revenue of \$570,151 from 2020-21 and will receive \$606,134 in additional funding for 2021-22. Per Proposition EE, funds will be allocated to school districts for three years and then will be redirected to fund Universal Preschool, so these funds are considered one-time funding.

In addition, the Colorado School Finance Act allows the district to levy mills to collect property taxes for the override election of November 1989, 2001, 2007, 2010 and 2019; the "hold-harmless" provision in the Colorado School Finance Act; the cost-of-living election in November 2001 and for the recovery of abated taxes. This revenue is estimated at \$7,225,648.

In addition to the Colorado School Finance Act, the District receives categorical funding for pupil transportation, the Exceptional Children's Education Act, English as a Second Language, Gifted and Talented and Vocational Education from the state as well as fees and interest income. The budget estimates for other income, including transfers, is \$2,228,694.

EXPENDITURE DETAIL INTRODUCTION AND OVERVIEW

The following expenditure detail to compares three years of expenditures (2021-22 budget, 2020-21 budget, and 2019-20 actual). A summary page is presented for each category followed by the detailed pages. The budget is grouped into the following categories:

Elementary Education Middle School Education High School Education Special Programs Support Services

Instructional budgets at the elementary, middle and high levels include teachers, paraprofessionals, librarians, counselors, office personnel, custodians, instructional supplies and utilities. Costs, which are incurred to operate the school but managed centrally for cost effectiveness, i.e., maintenance of buildings, human resources, etc., are summarized in the support component section.

Summit County, Colorado

ALLOCATION OF BUDGET TO SCHOOLS

The District's schools are allocated resources on the basis of projected funded pupil count. This funding is designated through two formulas, which cover the costs of:

- Staffing, i.e. teachers, paraprofessionals, counselors, librarians, principals, office personnel, etc.
- Supplies, equipment, and staff development.

Staffing is allocated through a staffing formula, which ensures that staffing is distributed to schools equitably. Schools may allocate their staff differently depending on the needs of their student population. This flexibility encourages the collaborative input of local school advisory committees. The staffing levels for each educational level are:

Elementary Schools 11.68 students/staffing unit or 8.56 staff/100 students
Middle School 12.18 students/staffing unit or 8.21 staff/100 students
High School 13.74 students/staffing unit or 7.27 staff/100 students

Starting in 2015-16, SSD implemented Range Placement of Units: Projected students will be calculated using the highest value of projected current year, the average of current year and prior year, or the average of current year and two prior years. This resulting value is placed inside predefined ranges and will be funded at the average funding amount of units within that range.

Per pupil allocation for instructional supplies, equipment and staff development is allocated as follows for each level. This amount was reduced by 10% in 2020-21.

| Elementary School | \$108.00 |
|-------------------|----------|
| Middle School | \$136.00 |
| High School | \$136.00 |

Differences in budgeted costs per school do occur and are primarily the result of variations in:

- Number of pupils
- Square footage of school
- Age of school
- Utility costs
- Experience of staff

ELEMENTARY SCHOOL PROGRAM (K-5)

The Summit School District has six elementary schools: Breckenridge Elementary, Dillon Valley Elementary, Frisco Elementary, Silverthorne Elementary, Summit Cove Elementary, and Upper Blue Elementary. District preschool programs are offered at the Dillon Valley, Frisco, Silverthorne, Summit Cove and Upper Blue. All of the District's elementary schools are authorized in the International Baccalaureate Primary Years Programme (PYP).

Per Colorado Revised Statute, full-day kindergartners must attend school 900 hours and grades 1 through 5 must attend school 968 hours per year. At Summit School District all elementary students attend more than the required hours. All elementary schools bell schedules are:

| Monday – Tuesday | 8:45-3:55 |
|-------------------|-----------|
| Wednesday | 8:45-3:05 |
| Thursday - Friday | 8:45-3:55 |

Each school offers a culturally diverse, positive, productive learning environment with opportunities to apply learning to real life situations. Elementary students are challenged with problem solving activities and higher levels of thinking in order to become good decision makers.

The following services and programs are offered in each elementary school:

- Articulated, scope and sequenced curriculum based upon the Colorado Model Content Standards in Reading and Writing, Math, Science, History, Geography, Civics, Economics, Music, Visual Arts, Health, and Physical Education
- Special programs to meet individual needs of students including Gifted & Talented, Special Education, English Language Development, Title I, Head Start, and Colorado Preschool Program.
- Small class size
- Specialists in technology, media, counseling, English language acquisition, reading, student health services, and special education services
- Parent involvement in PTAs, school advisory accountability committees, and school volunteer programs

Vision Statement

"Our school community believes in all members being seen, heard, and valued in order to empower them to pursue their passion, purpose, and greatness."

School Profile

Breckenridge Elementary is a small neighborhood school nestled in the Breckenridge community. We value and implement the instructional model of Applied Learning under the framework of the International Baccalaureate. We embed experiences into our curriculum that allow students to apply their learning outside of our school's walls. This makes learning relevant and engaging for students. The applied learning experiences push rigor but also allow students to practice the essential skills of teamwork, problem-solving, perseverance, and critical thinking while taking advantage of the environment and community in which we live.

Our staff believes in educating and supporting the whole child. Our number one priority is building relationships and living a "we're in this together" attitude. Our school community believes in all members being seen, heard, and valued in order to empower them to pursue their passion, purpose, and greatness.

Everyone has played a part in the great success of Breckenridge Elementary and we are a true team!

Mission Statement

Dillon Valley's Mission is to develop high achieving, caring, world language learners who contribute to the development of a better community.

Touchstone

Dillon Valley is a family of different cultures shining like the sun to create a better community through commitment, cooperation and respect. This is DVE; a place to learn and grow.

Vision

Our vision is to be a cooperative team of parent, teacher and student learners striving to create a safe and nurturing environment that cultivates respectful, caring and global citizens who take responsibility for creating a better world for themselves and others.

School Profile

Dillon Valley Elementary School is a bilingual, International Baccalaureate elementary school nestled in the heart of the Rocky Mountains. Each day, staff members invite and challenge 419 Pre K-5 grade students in a safe, respectful, inclusive learning environment.

DVE is a dynamic learning environment for staff, students, parents and community members. We are a Professional Learning Community and we are committed to continuous improvement. We strive to be clear about what students need to learn. We develop systems to monitor students' learning and we respond in a variety of ways when we detect that students may not be reaching their potential. We work hard to offer an engaging learning environment infusing the curriculum with hands-on, real world applications. Students learn to collaborate and co-operate while working to their greatest potential.

Our goal is to educate the whole child. Through our character education program we promote internationalism and the International Baccalaureate (IB) attitudes that lead toward the development of a caring learner.

Valuing all Language Learners Equally (el Valle) we embarked on the inaugural year of the Dual Language Academy in 2005. Our program goals are to: graduate students who are bilingual and biliterate ensure high academic achievement and instill sociocultural competence.

At DVE we are: caring, thinkers, reflective, inquirers, balanced, open-minded, communicators, risk-takers, knowledgeable and principled.

Mission

Frisco Elementary guides children toward reaching their highest potential through inquiry, thinking skills, and taking action as internationally-minded students.

Vision Statement

Frisco Elementary students will be inquirers, thinkers, and active citizens that contribute to our 21st century global community.

School Profile

Frisco Elementary serves students in the towns of Frisco and Copper Mountain. We have many students who choose to come from surrounding communities and counties. We have approximately 257 students enrolled in our PK through 5th grade program for the 2020-2021 school year.

We are an IB World School and join our district as a full IB district. The Primary Years Programme aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

We have also been designated by the Summit School Board as a STEM-focused school. We incorporate STEM (science, technology, engineering, & math) inquiries into our daily curriculum using the design thinking process. We also engage students with specially planned opportunities throughout the year such as elementary electives that focus on student and teacher passions. We offer student Electives to enhance student learning and passion in subject areas outside the curriculum.

We offer a Pre-K program on Tuesdays through Fridays in a full-day session. It is a play-based curriculum implemented through small group learning centers and individualized instruction. Special education services and the Colorado Preschool Program are available for those who qualify. We offer full day kindergarten program five days a week. Our full day program is funded through the district and tuition is not charged.

Throughout the year, Frisco students are given the opportunity to participate in a variety of programs including: Jump Rope Club, BOKS Kids Health Program, D.A.R.E, Creative Arts Club, Green Team, Choir, Optimist Ball Clubs, Chess Club, Mindfulness, Unity Club, Sewing, Leadership Girls on the Run, Reading Bingo and a variety of STEM clubs. Students of Frisco Elementary are empowered to independently guide their own learning and self care.

Summit Cove Elementary will ensure each child learns to his/her maximum potential. Our mission is to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. We encourage children across the world to become active, compassionate and lifelong learners who understand people and culture. We want children to become globally minded.

Touchstone

"We seek to reach the summit of academic excellence and character".

School Profile

As you enter Summit Cove Elementary the first sound you might hear is drilling and loud, excited children. You have just walked into the STEM and Makerspace Place. Our school "flipped" the old computer lab to make room for a STEM center. In there you will see learning that is being built from the ground up. This can include design thinking, coding and sharing on a global scale. Or if you take a peek, some students are building robots, or sewing for a "client". This is just a sample of the learning, collaborating and connecting that happens everyday here in Summit Cove.

In addition, each of our students has their own device for learning, sharing and collaborating. These devices take them around the globe. This week students were scuba diving in a coral reef and exploring the inside of the human body. You never know where our kids are headed. It is a real-life "MAGIC SCHOOL BUS" at Summit Cove Elementary. Summit Cove is an amazing school, with incredible students and teachers embracing learning in the 21st century. Summit Cove Elementary prides itself on being a community school where teachers, parents, and the

community work together in partnership to educate all of our students to their highest potential. Summit Cove Elementary is the hub of the community. The school serves the neighborhoods within Summit Cove, Keystone, and Montezuma; approximately 250 PK-5 students.

Mission

At Silverthorne Elementary, our mission is to:

- Gain high academic achievement through differentiation
- Collaborate effectively through on-going communication with all stakeholders
- Respect and honor diversity to promote a global community
- Develop life-long learners, capable of thinking creatively and acting responsibly

Touchstone

We are...BEAR STRONG!

School Profile

Silverthorne Elementary is a vibrant and dynamic school celebrating the diverse and unique population in our International Baccalaureate (IB) and Dual Language program. This diversity offers our students opportunities to experience global differences and perspectives and build open-mindedness through daily collaboration. We challenge ourselves and our students to build international mindedness while growing academically.

We proudly offer Dual Language programming in our primary grades and will continue to grow into a full school bilingual program as the students move through their elementary years. The goals for Dual Language are bilingualism and biliteracy, academic achievement in both English and Spanish, and socio-cultural competency. Our Dual Language model has transformed the experiences of teachers, administrators, and parents into an inclusive and supportive community for all.

We are lucky to live in Summit County and appreciate all the outdoor activities it has to offer. At Silverthorne Elementary we take advantage of our location with our Outdoor Education/Discovery Lab program. This focus allows our students to experience biking, hiking, skating, skiing, snowshoeing and swimming along with more traditional physical education activities. Using the connection to the outdoors, we integrate the use of STEM, technology, and social-emotional learning through our Discovery Lab each week. Our goal through this unique experience is to help students take risks, make connections and grow new passions.

Silverthorne Elementary is a school filled with love and care. We are very fortunate to have outstanding support of families and our community, where relationships are encouraged and valued. Our staff, students and families make our school- Bear Strong!

Mission

At Upper Blue Elementary our mission is to develop inquirers who strive to reach their maximum potential and take action to make the world better. Our vision is to be recognized as the school that embraces cultural diversity, meets every challenge and develops compassionate lifelong learners. We are a STEM/IB World School and model the PYP Attitudes every day.

Touchstone

Think you Can! Believe you Will! Do it!

School Profile

Upper Blue Elementary is located in Breckenridge, Colorado along the banks of the Blue River and at the foot of the Ten Mile Range. Upper Blue is a diverse learning community of 220 students in PK-5th grade. We have fourteen classrooms and fifteen teachers as well as specialists in the areas of music, art, physical education, STEAM, World Language, media/technology, Special Education, Gifted and Talented, Primary Years Program, literacy, English language acquisition, counseling and fantastic paraprofessionals that support classroom teachers and students across all grade levels.

As an IB World School, Upper Blue aims to develop inquiring, knowledgeable and caring young people who help create a better and more peaceful world through intercultural understanding and respect. The PYP draws on research and best practice from a range of national systems with a wealth of knowledge and experience from international schools to create a relevant, engaging, challenging and significant educational framework for all children. Students draw on their learning to show action every day through research, inquiry and service.

Per Colorado Revised Statute, students must attend 1,080 hours per year. Summit School District middle school students attend more than the required hours. The middle school bell schedule is:

Mon, Tues, Thurs, Fri 7:50-3:10 Wednesday 8:20-3:10

Vision

Elevating the whole child through academic and social-emotional growth to become positive critical thinkers, collaborators and problem solvers.

Core Values

Collaborative, Innovative, Dedicated, Caring

School Slogan

PRIDE: Positive Attitude, Respect, Include Others, Dedication to Excellence

Summit Middle School is located in charming Frisco, Colorado in the heart of Summit County and receives students from six elementary schools located throughout the Summit County area. The program at Summit Middle School is designed to meet the unique needs of middle level students and features a full school implementation of the International Baccalaureate Middle Years Programme. The program features transdisciplinary instruction across the core subjects along with extensive elective opportunities. All programs focus on internationalism and inquiry based learning.

SMS has two school wide goals that drive staff professional development, student programming and parent engagement. Social-Emotional Learning in every class, every day and Authentic Learning in all units.

In addition, Summit Middle School offers an extensive after school activities program. The parent group Building Advisory and Accountability Committee (BAAC) meets regularly to support and assist efforts in the areas of academic achievement, student success and character development. The SMS PTO is a robust and active group supporting students and teachers.

Mission

In partnership with the community, Summit High School challenges and supports all students by providing multiple opportunities for them to acquire both social and academic knowledge and behaviors necessary to their becoming life-long learners as well as responsible and productive citizens in a multicultural, ever-evolving society.

Touchstone

At SHS We Have Tiger:

P = Positive Attitude

 $\mathbf{R} = \text{Respect}$

I = Inclusion

 \mathbf{D} = Dedication to

E = Excellence

Summit High School takes pride in its 9-12 programming and its progress toward building a school in which students, teachers, parents, and the community work together in partnership to educate all students to their highest potential. SHS administration and staff believe that students deserve an education that emphasizes academic excellence as well as essential 21st century skills of critical thinking and creativity.

As the only comprehensive high school in Summit County, SHS serves all of the Summit townships (Blue River, Breckenridge, Dillon Valley, Frisco, and Silverthorne) as well as some students from Leadville, Georgetown and Fairplay, allowing students from varying backgrounds to experience a plethora of educational opportunities throughout their day.

Summit High School offers a variety of curricula to prepare students for the 21st century: the ELD and Special Education programs, a variety of Career and Technical Education Pathways, concurrent opportunities through Colorado Mountain College and other regionally accredited colleges, Advanced Placement, and the IB MYP and Diploma Programs. While the International Baccalaureate Organization has authorized Summit High School to provide access for all students to participate in both the Middle Years (9th & 10th graders) and Diploma Programs (11th & 12th graders), at SHS the emphasis is placed on all teachers employing best teaching practices for all students in every class.

Snowy Peaks is a relationship based, small public school located in Frisco, Colorado serving 80 students from grades 7-12. The mission of Snowy Peaks is to provide a safe, student-centered, relationship-based environment in which all students have a chance to excel in academics, develop strong character, contribute to their community and find their place in nature. Our diploma will ensure that each student has the skills to be successful in post-secondary education and the workforce. The staff of Snowy Peaks Accomplishes this goal by focusing all we teach and do as a school community through our four touchstones: Academics, Character, Community and Nature.

Snowy Peaks is Summit School District's small school option for students who benefit from a non-traditional learning environment. The school offers a 10:1 student-teacher ratio, and the staff is highly skilled and sensitive to the needs of students who choose a nontraditional approach to learning. We utilize small class size, mastery based instruction, and alternative instruction and assessment practices. Staff strives to develop close mentoring relationships with students, and we challenge students to succeed and set goals toward graduation and higher education, military service or employment. Our curriculum utilizes a blended learning instructional approach to focus on authentic and demonstrable mastery of Colorado Academic Standards. We believe that all students can experience success, and we believe all members of the learning community deserve respect.

We are committed to educating the whole child through blended learning, project-based learning, and experiential learning. Our goal is that all academically eligible students will participate in concurrent enrollment through Colorado Mountain College. The school is also designed to allow students involvement in the community through the Friday Experiential Education program, in which students participate in activities focused on the touchstones throughout Summit County.

Per Colorado Revised Statute, students must attend 1,056 hours per year. Summit School District Snowy Peaks high school students attend more than the required hours. Attending classes Monday, Tuesday, Thursday, Friday 8:15-3:10 and Wednesday 8:15 – 2:20.

OTHER FUNDS

State law requires each Board of Education to approve expenditures of all funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts and with its own assets, liabilities, and fund equity, which are segregated for the purpose of conducting specific activities of the district in accordance with special regulations, restrictions, and limitations.

This section of the budget document presents all funds, other than the General Fund, for review and comparison purposes. In order, they are:

- Bond Redemption Fund
- Building Fund
- Capital Reserve Fund
- Food Service Fund
- Grant Fund
- Health Benefits Fund
- Student Activity Fund
- Supplemental Capital & Tech Fund
- Transportation Fund

Summit County, Colorado

BOND REDEMPTION FUND

Legal Citation: The District has a tax levy for bonded indebtedness, therefore, this fund is required by Colorado Revised Statute 22-45-103(b).

Purpose: The Debt Service Fund provides revenues based on a property tax mill set by the School Board to satisfy the District's bonded indebtedness on an annual basis.

Revenues: The sole revenue for the Debt Service Fund is property tax revenue. The projected mill levy for 2021-22 is 3.953 mills based on an estimated assessed valuation of \$2,362,002,353.

Expenditures: The expenditures for this fund are principal, interest, and service fees for two outstanding bond issues: the \$29,740,000 – 2012 general obligation refunding bonds and the \$68,445,000 – 2017 bond issue. Outstanding indebtedness at June 30, 2021, will be \$73,510,000 with final maturity scheduled for December 1, 2036. The reserve balance represents a timing issue in the Bond Redemption Fund. Taxes collected in the spring must be used to pay the June and December debt payment of the same calendar year. Therefore, at the end of the District's fiscal year, June taxes have been collected but the second calendar debt payment has not been made. The taxes are held in reserve to make the December principal and interest payment. The following table presents the scheduled principal and interest payments to maturity:

| Year | Interest | Principal | Total |
|---------|--------------|--------------|---------------|
| 2021-22 | \$3,239,850 | \$5,945,000 | \$9,184,850 |
| 2022-23 | \$2,971,525 | \$6,185,000 | \$9,156,525 |
| 2023-24 | \$2,715,325 | \$6,485,000 | \$9,200,325 |
| 2024-36 | \$17,861,825 | \$54,895,000 | \$72,756,825 |
| Total | \$26,788,525 | \$73,510,000 | \$100,298,525 |

The computation of the district's legal debt margin is determined as 20 percent of assessed valuation, less the principal amount of bonded debt outstanding. As of June 30, 2021 the legal debt margin calculation is estimated to be as follows:

| 2021 estimated assessed valuation | \$2,362,002,353 |
|-----------------------------------|-----------------------|
| Times – Limitation Percent | <u>x 20%</u> |
| Legal Debt Limit | \$ 472,400,471 |

CAPITAL RESERVE FUND

Legal Citation: This fund is required by Colorado Revised Statute 22-45-103(C).

Purpose: The Capital Reserve Fund is used to account for the acquisition of land, construction of new facilities, alterations and improvements to existing structures, and the acquisition of school buses and/or other equipment.

Revenues: The revenue for this fund is a property tax allocation from the General Fund as determined by the Board of Education. Due to the passage of the Supplemental Capital Construction and Technology mill levy override in November of 2016, the Board of Education has decided not to provide additional revenue to this fund.

Expenditures: Authorized expenditures in this fund include the acquisition of land, construction of new facilities, alterations and improvements to existing structures, and the acquisition of school buses and/or other equipment. For 2021-22, the District will have no expenditures from this fund; however it will maintain the fund balance that is reserved for Turf replacement.

SUMMIT SCHOOL DISTRICT Summit County, Colorado

FOOD SERVICE FUND

Legal Citation: This fund is mandatory under the Colorado Code of Regulations 301-11-3.11.

Purpose: The Food Service Fund provides breakfast and lunch at all nine schools in the district.

Revenues: Revenue is generated by student and adult meal sales, as well as offering individual items for sale a la carte. The Food Service program receives a federal reimbursement for a portion of the meals served and participates in the federal commodity program. Historically, in 2012-13, a \$0.25 per lunch increase was budgeted for the elementary and middle school lunch. Previously, the last time lunch rates were increased was 2010-11. Thanks to Vail Epic promise, we have received grant funding for the last few years that subsidizes the cost of breakfast and allows us to offer breakfast to all students at \$1.00. If the grant is not received in 2021-22, breakfast prices will be as reflected below.

School breakfast prices for 2021-22 are as follows:

| Elementary student | \$2.25 |
|--------------------|--------|
| Secondary student | \$2.25 |
| Adult | \$2.50 |

School lunch prices for 2021-22 are as follows:

| Elementary student | \$3.25 |
|-----------------------|--------|
| Middle school student | \$3.50 |
| High school student | \$3.75 |
| Milk carton | \$0.60 |
| Adult | \$4.50 |

Expenditures: The Food Service Fund under the direction of Chartwells is working towards supporting all expenditures with revenue collections. The 2021-22 budget continues towards the goal of providing for all costs through user charges and other revenue.

GRANT FUND

Legal Citation: This fund is optional under Colorado Revised Statutes. However, based on federal reporting requirements, the District has chosen to maintain all federal and state grants in a separate fund.

Purpose: The Grant Fund is provided to maintain a separate accounting for federal and state grant programs which are restricted as to the type of expenditures for which they may be used, and which may have a different fiscal period than that of the District.

Revenues: The District seeks grants from federal and state sources to provide additional and/or alternative funding for school district programs. As grants are received, the Board of Education formally accepts the grant, which establishes the accounting records for the grant.

Significant grants currently received by the District include:

| • | IDEA | Provides for specific Special Education services throughout the District. |
|---|----------------|--|
| • | Title I | Provides a portion of salary and benefits for reading and math at Dillon Valley and Silverthorne elementary schools. |
| • | Title IIA | Provides for the professional development of teachers through the coaching model. |
| • | Title III | Provides for the ELA (English Language Acquisition) Program Specialist. |
| • | ESSER II & III | Provides for emergency pandemic relief for K-12 schools. |
| • | Head Start | Provides a preschool program for children identified as low income. |

Expenditures: Expenditures for designated purpose grants must be made in accordance with the conditions of each grant.

HEALTH BENEFITS FUND

Legal Citation: This fund is optional under Colorado Revised Statutes.

Purpose: The Health Benefits Fund accounts for self-insurance funding of employee health and dental insurance. This plan is administered by a third-party administrator and has a "stop loss" of \$120,000. The plan currently insures roughly 376 employees of which 227 have selected single coverage, 38 have elected employee plus one other and 111 have enrolled in family coverage.

Revenue: The revenue to the fund is comprised of premiums from the district and employees for health and dental insurance. For 2021-22, premiums were increased by 25% for the district and 10% for employees.

Expenditures: Expenditures include claims, stop-loss premiums and administration fees.

SUPPLEMENTAL CAPITAL CONSTRUCTION, TECHNOLOGY & MAINTENANCE FUND

Legal Citation: This fund is under Colorado Revised Statutes 22-45-103(j) C.R.S.

Purpose: The Supplemental Capital & Technology Fund provides ongoing cash funding for the capital construction, new technology, existing technology upgrade, and maintenance needs of a school district, and no other money other than interest and income credited to the fund, shall be deposited in the supplemental capital construction, technology and maintenance fund of the district.

Revenue: The revenues in the fund are based on a property tax mill set by the School Board to provide ongoing funding for capital improvements and technology.

Expenditures: The fund is budgeted to pay for the direct costs of capital construction, new technology, existing technology upgrade, and maintenance. For 2021-22, the district will use this fund to support continued implementation of the district One2World initiative, for replacement of vehicles, various deferred maintenance projects and District-wide sidewalk and asphalt repair and replacement.

TRANSPORTATION FUND

Legal Citation: The voters of Summit County have approved two tax levies to pay excess estimated transportation costs: \$520,000 in November 1999 and \$360,000 in November 2007, therefore, this fund is required by Colorado Revised Statute 22-45-103(f).

Purpose: The Transportation Fund provides revenues based on a property tax mill set by the School Board to satisfy the District's excess transportation costs on an annual basis.

Revenues: The revenue for the Transportation Fund is property tax revenue and the reimbursement from the state for categorical transportation expenses. The projected mill levy for 2021-22 is 0.373 mills based on an estimated assessed valuation of \$2,362,002,353.

Expenditures: The expenditures for this fund are the current operating expenditures for providing pupil transportation to and from school, including a portion of the purchase of pupil transportation vehicles. Expenditures include salary and benefits of bus drivers, maintenance and repair of vehicles, motor fuel and oil, supervision of the transportation department and the purchase of two buses split between the Transportation Fund and the Supplemental Capital Construction, Technology and Maintenance Fund.

PERFORMANCE MEASURES

Summit School District teachers and staff are committed to delivering the highest quality education to all students, every day. We are a team of professionals ready to embrace creative and innovative ideas to help achieve this goal.

District and School Performance Frameworks are a central piece of Colorado's accountability system outlined in the Education Accountability Act of 2009, (SB 09-163). The frameworks provide information about how districts and schools performed on the same set of indicators and measures. This information allows parents and communities to see how their schools and districts are performing on consistent statewide measures, and it enables the state to better support districts in their efforts to improve educational achievement.

Due to the disruption in education and assessments as a result of the COVID-19 pandemic, the Colorado Legislature authorized an accountability pause for both the 2020-21 and 2021-22 school years. The following Summit School District Performance Framework for 2020 is the most recent report available. All schools in the District earned a "Performance" rating on their individual School Performance Frameworks from the same year.

66.0/100

The official accreditation rating is based on either the 1-year or multi-year framework as indicated in the right hand corner of the black title bar above. Districts are assigned an accreditation rating based on the overall percent of points earned on the official framework. The overall percent of framework points represents the percentage of points earned across all performance indicators. The official percent of points earned is matched to the scoring guide to determine the accreditation rating. Failing to meet the accountability participation rate of 95% on two or more assessments will reduce the overall accreditation ..

This page displays the performance indicator data for the high school level. For the 1-Year report, calculations are based on state assessment results from 2018-19. Multi-Year reports include results for years 2016-17 through 2018-19.

Academic Achievement: mean scale scores represent outcomes for designated subjects and student groups; participation rates included on this page count parent excusals as non-participants.

Academic Growth: median student growth percentiles and percentages of students on track to meet targets represent outcomes for designated subjects and student groups. The On-Track to EL proficiency metric is included for points for the first time in 2019.

For additional information regarding Academic Achievement and Academic Growth points, cut-points, and ratings, refer to the scoring guide at the end of this document.

CO SAT: represent outcomes for designated subjects and student groups; participation rates count parent excusals as non-participants.

Dropout Rates: represent percentages of students enrolled in grades 7-12 at any time during the year who left and did not subsequently enroll in another Colorado school. Calculations for 1-Year report are based on the 2018 End of Year (EOY) data submission. Multi-Year reports include EOY records for years 2016 through 2018.

Matriculation Rates: represent percentages of students who enrolled in a Career & Technical Education (CTE) program or 2- or 4-year institute of higher education in the year following graduation. Students who earned a CTE certificate, college degree, or other industry-recognized credential prior to graduation are also included. Calculations for 1-Year report are based on the 2018 graduation cohort. Multi-Year reports include 2016 through 2018 cohorts.

Graduation Rates: represent percentages of students graduating high school within designated timeframes. Ratings are based on the best of the 4-, 5-, 6-, and 7-year graduation rates. AYGs designate Anticipated Years of Graduation, which are defined as four years after the year that students initially enroll in 9th grade. Calculations for the 1-Year and Multi-Year reports are based on data for students with AYGs between 2015 and 2018.

For additional information about ratings, refer to the scoring guide on the last page of this report. For more information about PWR metrics: http://www.cde.state.co.us/accountability/pwr

SUMMIT SCHOOL DISTRICT Summit County, Colorado

EMPLOYEE BENEFIT COSTS

Employee benefits are an ongoing expense for which the district contributes a portion of the total cost for the employee. The following summarizes the benefit programs and shows how the District's costs are determined.

- Public Employees Retirement Association (PERA) Participation and rates are mandated by Colorado Revised Statute 24-51. The district will contribute 20.9% of all wages from July 2021 through June 2022. The employee contributes 10.5% of all their wages.
- Health Insurance Health insurance includes medical and dental insurance. Vision insurance is available to employees on a voluntary basis. The Health Benefits Committee makes recommendations to the Board of Education and Negotiations Team concerning the health insurance plan and rates. To be eligible an employee must work 30 hours or more weekly. Two types of coverage are currently offered: a Healthy Measures PPO and a High Deductible Health Plan, with two plan types available under each plan. Additionally, four tiers of coverage are offered: Single, Employee plus Spouse, Employee plus Children, and Family. The District contributes an average of \$8,448 per employee towards the health & \$516 per employee towards dental premiums annually.
- Medicare (Social Security) Participation and rate are mandated by federal law, at 1.45% of employee's gross pay. All employees hired after March 1986 have Medicare deducted from their pay check. The district is required to pay a matching amount.
- **Disability Income Protection** Disability coverage is provided for by PERA for those employees who have 5 years or more of service with a Colorado PERA employer.
- Unemployment Compensation Participation by the District is mandatory. The State Bureau of Employment Services determines rates. The District is considered a claims-paid employer. The Colorado Employment Bureau charges the district for actual unemployment costs paid.
- Worker's Compensation Participation is required by law. Rates are determined by the Colorado Compensation Insurance Authority. The total annual salaries of all employees are categorized to determine the estimated premium. The amount is multiplied by a predetermined risk rate. The sum of calculations is adjusted by the district's experience modification factor to determine the estimated annual premium.

GLOSSARY

This glossary contains definitions of terms used in the budget, not specifically defined elsewhere, and such additional terms as necessary to provide a common understanding concerning financial account procedures for schools.

Abatements: A complete or partial cancellation of a levy imposed by a government. Abatements usually apply to tax levies, special assessments, and service charges.

Accounting System: The total structure of records and procedures which record, classify, and report information on the financial position and operations of the school district or any of its funds or account groups.

Account Group: These groups account for and control general fixed assets and general long-term debt.

Accrual Basis: The basis of accounting under which revenues are recorded when they are levied and expenditures are generally recorded when a related liability is incurred, regardless of when the revenue is actually received or the payment is actually made.

Americans With Disabilities Act (ADA): This is federal legislation which mandates non-discrimination on the basis of handicap or disability and prescribes that services, activities, programs and facilities be accessible to and usable by handicapped of disabled persons.

Appropriation: A specific amount of money authorized by the Board of Education for the purchase of goods/services. This represents the annual spending plan for the district. An appropriation is usually limited in amount and the time when it may be expended.

Asbestos Hazard Emergency Response Act (AHERA): This is a regulation that requires schools to conduct inspections, develop comprehensive asbestos management plans, and select asbestos response action to deal with asbestos hazards.

Assessed Valuation: This is the value placed on property, both land and building, by the Summit County Assessor. Property taxes are paid on the basis of a property's assessed valuation, which does not necessarily correspond to the property's marker value.

Assessment Ratio: A percentage used to multiply the market value of a home which results in the assessed value of that home.

BAAC: Building Advisory Accountability Committee

Balance Sheet: A summarized statement, as of a given date, of the financial position of the district per fund and/or all funds combined showing assets, liabilities, reserves, and fund balance.

Benefits: Money budgeted for benefits of all paid personnel which includes: P.E.R.A., medical, dental and vision insurance, Medicare, unemployment and disability.

Summit County, Colorado

GLOSSARY

Board of Education: The elected body that has been created according to state law and vested with responsibilities for education activities in a given geographical area.

Bonded Debt: An obligation resulting from the borrowing of money through issuance of General Obligation Bonds by the school district.

Bond, General Obligation: A written promise to pay specified amounts of money at certain times in the future and carrying interest at fixed rates. The obligation to pay is backed by the taxing authority of the district. The items that these funds can be used for are stated on the ballot when the issue is presented to the people. Money can be spent only for these authorized purposes. Proceeds from bond issues cannot be used to pay the daily operating expenses of a school district.

Budget: An annual financial plan that identifies revenues specifies the type and level of services to be provided, and establishes the amount of money, which can be spent. This is a pre-plan to the appropriation and is used by the district in establishing annual mill levies.

Budgetary Reserve: This account is not an expenditure function or account. It is strictly a budgetary account to provide for contingencies.

Business Services: Those activities concerned with the administering of the district's business functions, the accounting for purchasing, data processing, storage and district physical inventories.

Capital Outlay: School district expenditures for the acquisition of fixed assets which are presumed to have benefits for more than one year and which cost at least \$750 for equipment and \$2,500 for remodeling projects. Examples include the acquisition of land or existing buildings, improvements to grounds, construction of buildings, additions to buildings, remodeling of buildings, furniture, vehicles and equipment.

Career Ed Programs: Activities designed to prepare students for entrance into and progress through various levels of employment in occupational fields such as agriculture, business, and trade and industry.

Categorical Programs: In addition to the Total Program funding provided by the Public School Finance Act of 1994 (as amended), school districts receive state funding to pay for transportation, special education, vocational education, and the English Language Proficiency Act. These programs are referred to as "categorical" programs. Summit School District is capable of funding the entire Total Program using only specific ownership taxes and property taxes. The district must also fund their categorical programs where possible by increasing the property tax mill levy. As such, the district "buys out" state funding of the programs using the additional property tax revenue generated by the increased mill levy.

CDE: Colorado Department of Education.

Contracted Services: Labor, materials, and other costs for services rendered by personnel not on the payroll of the school district.

Summit County, Colorado

GLOSSARY

Debt Service: Includes payments of both principal and interest on all debt of the school district.

Elementary School: A school composed of a span of grades from pre-school through grade five.

Encumbrances: Purchase orders, contracts, and/or other commitments that are chargeable to an appropriation. Encumbrances are not liabilities and therefore are not recorded as expenditures until actual receipt of material or service. Encumbrances are used in the accounting records for budgetary control.

Enterprise Fund: A self-supporting fund designed to account for activities supported by user charges. An example is the Employee Benefit Trust fund.

Entitlement: Payments guaranteed by the state legislature to eligible recipients for a certain period of time.

Equipment: Money budgeted for the purchase of equipment to be used in the operation of the school district. Equipment is further defined as an item that retains shape and appearance with use. It is more feasible to repair than replace, under normal use and care lasts more than one year.

ELA: English Language Acquisition. A program for students whose first language is one other than English. Also known as ELD.

Expenditures: These are charges incurred, whether paid or not paid, which benefit the current period.

Federal Sources: That revenue from funds collected by the Federal Government and distributed to school districts in amounts that differ in proportion from those which were collected within such school districts. Examples of this revenue would be restricted or unrestricted Grants-in-Aid such as funds for Handicapped Children, Vocational Educational, Head Start, and Drug Free programs.

Fiscal Year: A twelve-month period of time to which the annual budget applies and at the end of which the district determines its financial position and the results of its operations. The school district's budget year begins July 1 and ends June 30.

Food Services: This service area includes the preparation and serving of lunches and delivery of food.

Function: This term refers to an expenditure or service aimed at accomplishing a certain purpose or end; for example, regular instruction, special education, vocational education, or operation and maintenance of plant.

Fund: A fund is a fiscal and accounting entity, with a self-balancing set of accounts which are comprised of each fund's assets, liabilities, fund equity, revenues, and expenditures.

Fund Balance: The excess of assets of a fund over its liabilities and reserves.

Summit County, Colorado

GLOSSARY

Fund Balance Appropriations: Monies appropriated from the district's fund balance to offset the shortfall in expected revenues.

Fund Transfers: The transfer of funds from the General Fund to other funds.

Funded Pupil Count: A district's pupil count for funding purposes under the School Finance Act. The funded pupil count is expressed in full-time equivalent (FTE) pupils. An FTE count is designed to reflect the amount of time a student spends in an instructional setting.

GAAP: Generally Accepted Accounting Principals. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

General Fund: This is the general operating fund of the District. All activities of the District are accounted for through this fund except for those required to be accounted for in another fund.

GFOA: Government Finance Officers Association.

GPA: Grade point average. The average is found by assigning points to a letter grade, i.e. A=4, B=3, etc. and averaging the total.

Hold Harmless: Changes in school finance laws resulted in the creation and funding of "hold harmless" districts. A district is held harmless under the old law because the Total program amount was greater than the amount otherwise calculated by the formula in the new law. Therefore districts were allowed to operate with higher funding amount. This is now part of the override election.

ILP: Individualized Learning Plan

Instructional Staff Services: Those activities associated with assisting the instructional staff in improving the content and process of providing learning experiences for students. These activities include library/audio-visual operations, curriculum development, and staff development.

Levy: To impose taxes or special assessments.

Local Sources: That amount of money produced within the boundaries of the school district and available to the School District for its use. Examples of this revenue would be property taxes, interest income, rental and tuition payments.

Middle School: A secondary school composed of grades six through eight.

Summit County, Colorado

GLOSSARY

Mill: Property tax rate per thousand dollars of assessed value. One mill is equal to \$1.00 per \$1,000 of assessed value. To calculate the tax rate, the total property tax amount levied by the district is divided by the assessed valuation of the taxable property, divided by 1,000.

Minimum State Aid District: A district that is able to raise its entire total program funding from local property taxes. The mill levy in a minimum state aid district is adjusted downward to assure that the district receives a minimum amount of per pupil funding in state aid.

Object: As applied to expenditures, this term has reference to an article purchased or services received; for example, salaries, employee benefits or supplies.

Other Financing Sources: These include funds received from the proceeds from long term debt, receipt of inter fund transfers.

Override Elections: A school district may desire to spend more property tax revenues than required to fund its Total Program. In this event, a district must seek authorization from its voters to raise and expend "override" property tax revenues. The total additional property tax revenues that may be authorized at an election cannot exceed 20% of the district's Total Program or \$200,000, whichever is greater.

Program: The effort to accomplish a specific objective or objectives consistent with funds or resources available. Budgets and actual revenue and expenditure records may be maintained per program.

Property Tax: The general property tax is levied on land and buildings located within the school district. It is essentially a real estate or real property tax. Every owner of private and business property in the district, including public utilities, pays this tax. Property owned by governmental, charitable, and religious institutions is exempt from taxation.

Property Tax Carryforward: In 1992, school districts began to use a July through June budget year rather than the calendar year on which they previously had been operating. This change caused some districts to generate property taxes that was greater than their total program needs. These districts have been required to carry forward the excess property tax collections for use in later budget years. Annually, these districts are required to use their carryforward balances to offset any State Share, including Minimum State Share, or state categorical program funding which they otherwise would be eligible to receive. Beginning in 1995-96, these school districts are allowed to spend up to 10% of their available carryforward balances for any lawful purpose or up to 100% of their balances for capital needs.

Proprietary Fund: This fund type accounts for District activities that are similar to business operations in the private sector or where the reporting focus is on determining net income, financial position, and cash flow. The Food Service Fund is a proprietary fund that accounts for all revenues, food purchases, and costs and expenses for the Food Service program.

GLOSSARY

Public School Finance Act of 1994: CRS 22-53-101, et. Seq., enacted in 1994, seeks to provide for a thorough and uniform system of public schools throughout the state. It requires that all school districts operate under the same finance formula and that equity considerations dictate all districts be subject to the expenditure and maximum levy provisions of this act. Colorado's 176 school districts each have a different per-pupil funding based upon four factors: size adjustment, cost of living adjustment, personnel costs factor, and at-risk factor.

Purchased Services: Money budgeted for contracted services, utilities, staff training, maintenance and repair items, and legal services.

Regular Programs: Provides for regular education of elementary and secondary students (K- through 12). This does not include special education, second language acquisition, grants, preschool or day care.

Salaries: Money budgeted for all paid personnel of the school district.

Self-Insurance: The underwriting of one's own insurance rather than purchasing coverage from a private provider by identifying specific areas of risk and assessing actuarially sound charges.

Senior High School: A secondary school composed of grades nine through twelve.

Special Revenue Fund: These funds are maintained to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for specified purposes. These include the Capital Reserve Fund and District Housing Fund.

Specific Ownership Tax: An annual tax imposed on each taxable item of certain classified personal property, such as motor vehicles, which tax is computed in accordance with state schedules applicable to each sale of personal property.

Special Programs: Activities designed primarily for students having special needs. These programs include pre-kindergarten through secondary students that have been identified as exceptional.

State Sources: Revenue from funds produced within the boundaries of and collected by the state and distributed to school districts in amounts different proportionately from the amounts collected within collected within such school district. Examples of this revenue are the basic instructional and operating subsidies and subsidies for specific educational programs such as Special Education and Vocational Education.

Student Activities: School sponsored extra-curricular activities including interscholastic and intramural athletics, band, chorus, speech, etc.

Summit County, Colorado

GLOSSARY

Supplies: All items of an expendable nature which are purchased for use in the schools including supplies and textbooks, library books, and other instructional materials, office supplies, building maintenance parts, fuel for buses and other vehicles, and custodial supplies. With the exception of unique areas such as maintenance supplies and transportation related expenses, most materials are established in relation to the student population.

Support Services: Those activities concerned with recommending new policies, administering existing policies, and the developing and implementing of procedures in connection with the operation of the school district. It also includes the services of those professional, independent, and separate agencies or individuals that are retained to assist in the administration.

Tabor Amendment: An amendment to the Colorado Constitution approved by voters in November 1992 which limits governmental mill levies, revenues, and expenditures.

Tax Year: The calendar year in which tax bills are sent to property owners. The 2009 tax bills are reflected as revenue receipts to the school district in FY 2008-09.

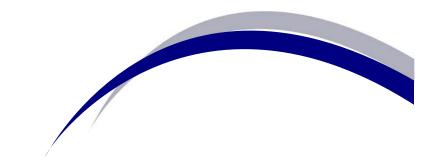

Taxing Authority: A government body, such as a school board, with authority to levy property taxes.

Terra Nova Test: Achievement test that is norm-referenced but also provides proficiency categories.

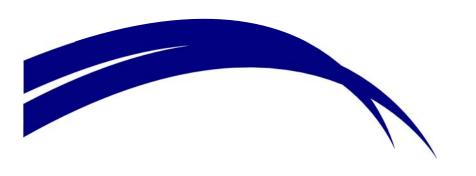

Total Program: Funding to school districts is based on a per-pupil formula that calculates Total Program. For each pupil funded in the October 1 pupil count, the formula provides a base per-pupil amount of money plus additional money which recognizes district-by-district variances in costs of living, personnel, costs and sizes. The Total Program amount also includes additional funding for at-risk pupils.

Transfers: A transfer of dollars from one fund to another fund.
